

**The Association of Bi-State Motor Carriers:
Dedicated Advocates Working for You**

The Association of Bi-State Motor Carriers is an independent, organized group of experienced trucking industry owners and operators that have demonstrated a proven track record for successfully tackling the operational problems affecting the intermodal industry serving the Port of New York-New Jersey.

Over the years, we have developed a solid working relationship with officials at the Port Authority, State Legislators, the Shipping Lines and Terminal Operators. We have achieved this, in part, through our monthly Focus Group meetings and our General Membership meetings, where we openly discuss the many issues that have impacted our industry, and work together to solve them. Our goal is to provide solutions to the problems that impact your success, in cooperation with all the members of the Port Community.

The Association's Officers and Board Members are continually striving to improve turn times with safe roadworthy equipment. We are dedicated to making the NY/NJ ports more user-friendly, productive and competitive.

Our organization is growing steadily: there has never been a better time to join us as a Member and actively share in the success that we are achieving on behalf of companies like yours. Members receive email bulletins with breaking news and valuable information on the issues and emergent situations that impact our industry. Join today and experience the value and power of strength in numbers.

About Our Association

The Association of Bi-State Motor Carriers was reorganized and incorporated in 2002. It is dedicated to serving the interests of its members in intermodal transportation, especially at the Port of New York-New Jersey. This port handles over 80% of the world trade for a 10 state, 260 mile radius area. This area represents 34% of the U.S. volume of trade.

The Port of New York-New Jersey is served by trucking companies who perform more than 12,000 daily pickups and deliveries. Bi-State members proudly provide over 80% of those services. Our members are domiciled across the U.S. and Canada.

Our Mission

To provide a forum in which truck operators, owners and businesses in trucking-related industries can share ideas, solve problems, and foster a continually improving intermodal transportation business environment.

The Valuable Benefits of Membership

- **Daily port reports and terminal updates**
- **A strong, unified voice in the industry**
- **Eligibility for College Scholarship Program**
- **Access to Members-Only Street Turn Forum**
- **Breaking industry news bulletins**
- **Updated website with important links & info**
- **Assistance and troubleshooting with government agencies/red tape resolution**

The Association of Bi-State Motor Carriers works tirelessly for its members. Join now, and be a part of a growing network of intermodal industry companies that understand the value of “strength in numbers.”

We will represent your interests and advocate on your behalf in all matters that impact the ongoing success of intermodal transportation.

Here are just a few examples of how the Bi-State continually works to provide our membership with a strong voice in the Port Community:

- Long-range outreach to improve public relations and foster better understanding of the issues that matter to you most
- Lobbying for legislative initiatives and beneficial reforms to improve conditions at the port
- Hosting Focus Groups with Terminal Operators to air and address concerns in a timely manner
- Encouraging an open dialogue and exchange of ideas in the Port Community across the U.S.
- Advocating for added gate hours, improved turn times, and ensuring that only safe, roadworthy equipment is put into service on our roadways.
